Dear [REDACTED]

We are pleased to confirm that the survey is still open and we will be happy to process additional responses.

Once again many thanks for your continuous support with this emerging issue.

Best wishes,

Subject: RE: Follow-up nicotine pouches survey

Dear [REDACTED]

Thank you again for your presentation at the Emacolex meeting. As suggested, I will send a reminder to the group to participate in the survey. I just want to confirm with you, if the survey is still open and if the same link should be used.

Best regards,

Dear Tobacco Control Team,

I am glad that you received more replies, although the number is still quite low. Maybe presentation and discussion will encourage additional member states to share their views on this topic.

We can include your presentation on the agenda in the time slot between 10:00 and 12:00 on Friday. We presume that you need 30 minutes for the presentation and discussion. If its ok with you, I will let you know about the exact hour in the beginning of next week, when we will be finalizing the agenda. If you have any additional preferences or you need more time for the presentation, please let us know.

Best regards,

JAZMP

Dear [REDACTED],

Good morning and thank you for your email. We did manage to receive more replies to the survey and we now have a total of 8 replies from EMACOLEX's Member States representatives (IE, FI, CZ, LV, SI, NL, PT, ES).

We would be delighted to attend virtually the EMACOLEX meeting that will take place on the 2nd and 3rd of December 2021 in Ljubljana.

Due to previously scheduled meetings, the only possible date for us is the 3rd of December. We propose the following timing: anytime between 10:00 and 12:00, and any time between 14:30 and 16:30. Please let us know of your preference.

Regards,
The Tobacco Control Team

Subject: RE: Follow-up nicotine pouches survey

Dear Tobacco Control Team,

I hope that by now you received more responses from member states regarding tobacco-free nicotine pouches.

We were wondering, if it would be possible for you to make a presentation regarding this issue and the outcome of the survey at our Emacolex meeting

that will take place on 2 and 3 December 2021 in Ljubljana. Although we would be delighted to welcome you in Ljubljana in person, we can arrange everything for a virtual presentation and discussion, since we are aware that travelling is still difficult and not completely without risk.

Please let me know, if we can add it to the agenda for the meeting.

Best regards,

JAZMP

Dear [REDACTED],

Thank you for your quick reply on this matter and for forwarding our request. We are flexible regarding the deadline, so please let us know if you think more time is necessary.

As per our exchange, we attach the excel file with all the 5 replies and a small summary. We would be grateful to be kept informed of any outcomes of discussions generated by this file.

Please do not hesitate to contact us in case you or any member has any question regarding the survey.

Regards,
The Tobacco Control Team

Subject: RE: Follow-up nicotine pouches survey

Dear Tobacco Control Team,

I will send a remainder to EMACOLEX group. We have no formal rules on this issue (disclosure of information), but it is not uncommon that the results of the inquiries are presented or shared between member states, so I believe that you can share the summary and replies with other participants of the group without explicit prior consent. Usually only information regarding certain details of ongoing administrative or

judicial cases is treated as sensitive and prior consultation with respected member states is desirable in such cases.

Best regards,

JAZMP

Subject: Follow-up nicotine pouches survey

Dear [redacted]

Thank you for your help in disseminating our request and survey on tobacco-free nicotine pouches to the EMACOLEX group.

Within the original deadline of 15 September, we received a total of five replies to the survey and we would like to thank the members of EMACOLEX group that participated for their comprehensive and very informative replies. Although we have a better understanding of the topic, we aim at having a fuller picture of the EU regulation of nicotine pouches. In this context, we have discussed internally the possibility to extend the survey through a new request to the EMACOLEX group with a new deadline (31st of October). We would then appreciate if you could forward our new request to your colleagues. The survey is still available [here](#).

To encourage as many members as possible to reply (and provide them with some inspiration), we have prepared a summary, as well as a compilation of all the replies, that we would be happy to share with the group. These could also be a good starting point for a possible follow up and discussion at your next meeting.

However, we would like to check with you what are your internal rules concerning the disclosure of such information and to verify whether we would need the permission of the respondents in order to share these replies within your group. Thank you in advance for your advice on this issue and possible assistance (if needed) with obtaining the colleagues' agreements with the disclosure.

Regards,
The Tobacco Control Team
