Subject: Follow-up nicotine pouches survey

Dear [REDACTED]

Thank you for your help in disseminating our request and survey on tobacco-free nicotine pouches to the EMACOLEX group.

Within the original deadline of 15 September, we received a total of five replies to the survey and we would like to thank the members of EMACOLEX group that participated for their comprehensive and very informative replies. Although we have a better understanding of the topic, we aim at having a fuller picture of the EU regulation of nicotine pouches. In this context, we have discussed internally the possibility to extend the survey through a new request to the EMACOLEX group with a new deadline (31st of October). We would then appreciate if you could forward our new request to your colleagues. The survey is still available [here](#).

To encourage as many members as possible to reply (and provide them with some inspiration), we have prepared a summary, as well as a compilation of all the replies, that we would be happy to share with the group. These could also be a good starting point for a possible follow up and discussion at your next meeting.

However, we would like to check with you what are your internal rules concerning the disclosure of such information and to verify whether we would need the permission of the respondents in order to share these replies within your group. Thank you in advance for your advice on this issue and possible assistance (if needed) with obtaining the colleagues' agreements with the disclosure.

Regards,
The Tobacco Control Team
